

INDUSTRY SOLUTIONS

CONSUMER PRODUCTS

See why many in the industry call on Ardwin to meet the challenge.

Twenty-Five Years of Success

Downward price pressure, competition for shelf space, managing private labels, adapting to seasonal demands and razor thin margins. Today's consumer products market is competitive and companies must operate efficient and effective supply chains to keep up.

To meet the challenge you need partner carriers that can execute. Call us today to see how we can help you meet the challenge.

- Late model; air-ride equipped
- Accurate load position through satellite tracking
- 24/7/365 support
- Driver communications
- Financial stability
- Courteous, professional drivers

For customers requiring truckload brokerage services we are a **TIA Certified 5 Diamond Broker**. Offering you a non-asset solution backed by the knowledge and experience of Ardwin.

What our customers are saying:

"I've had an ongoing relationship with Ardwin. We have found them to be a responsible and dedicated carrier. I have recommended them to other customers looking for a trucking company with dependable trucks and reasonable freight rates."
